## INFO.

**DIST.** 25 March 1947

**PAGES.**

**SUPPLEMENT**

25X1X

1. The total amount of sugar exported from the Russian Zone to Russia "during the last twelve months" is nearly 300,000 metric tons.
2. The Rositzer Zucker-Raffinerie AG in Rositz (K27), which has an annual capacity of 80,000 tons, is working exclusively for Russian reparations accounts.
3. Although leading employees of the Central Administration for Trade and Supply have no access to records of the total amount of grain shipments from the Russian Zone to Russia, they do occasionally hear about single shipments. For example, it is known that in December 1946 a shipment of 6,000 tons of rye went by train through Frankfurt/Oder. Likewise, in January 1947 two more shipments of 4,000 tons each passed through the same city.
